JOSEPH CHAHINE

Mechatronics Engineer

+961 81 446 146 | jaymchahine@gmail.com | Linkedin.com/in/Josephmchahine | Kfar abida, Batroun, LB

SUMMARY

Mechatronics Engineer with hands-on experience in mechanical design, automation, electronics, prototyping, and project execution. Experienced in designing and building custom engineering solutions including CNC-based systems, robotics prototypes, thermal control devices, and renewable energy concepts. Also brings strong operational and leadership experience through business management, client coordination, and end-to-end project delivery. Able to turn technical ideas into practical, functional solutions with real-world application.

EXPERIENCE

Mechatronics Engineer

Why not.phi

2022 - Present | Beirut, Lebanon

Lead Engineer / Freelance

Designed and built custom automated machinery, CNC-based systems, robotics prototypes, and thermal control devices for client and prototype applications.

- Developed a charcoal-free electric heating head for hookah applications, integrating microcontroller-based temperature control powered by a high amperage battery system.
- Led the design and build of a robotic arm with joystick-controlled servos and integrated feedback systems for precision tasks.
- Managed all phases of projects from concept, CAD modeling, and prototyping to client delivery and installation.
- Helped with technical consulting on mechanical optimization, energy efficiency, and electrical safety improvements for small businesses.

General Manager

Auberge de Roger

2022 - Present | Kfar abida, Lebanon

Manage operations for five uniquely designed industrial-themed guesthouses located directly on the sea, ensuring high-quality guest experiences and facility maintenance.

- Implemented a centralized booking and calendar management system integrating Airbnb and Booking.com listings to streamline reservations and avoid double bookings.
- Increased occupancy rates by over 35% through targeted social media campaigns, loyalty programs, and strategic partnerships with local tourism operators.
- Designed and executed cost-effective maintenance plans, including structural and aesthetic upgrades to enhance guest satisfaction and reduce operational costs.
- Developed promotional materials and high-visibility street posters to drive walk-in bookings and local awareness.

TECHNICAL SKILLS

LEAN Manufacturing | CNC Milling | CAD (SolidWorks, Autocad) | Python | CSS | Java | C++ | MATLAB | Automation Software Development

ENGINEERING SKILLS

Mechanical Design | Prototyping | Precision Alignment Systems | Design of Experiments | Data Analysis | Machine Learning | Root Cause Analysis

PROFESSIONAL SKILLS

Communication Skills | Team Leadership | Project Management | Problem Solving | Project Scheduling

STRENGTHS

- Leadership & Team Management
- Project Planning & Execution
- Problem-Solving & Critical Thinking
- Strategic Business Development
- Client Relationship Management

CERTIFICATIONS

NI ELVIS II+ & LabVIEW Systems Training
University of Balamand

PLC Programming & Industrial Automation Certification
University of Balamand

SolidWorks Professional Training / CSWA - CSWP
Lebanese American University

Cisco Networks Certification
University of Balamand

EXPERIENCE

F&B Management

Almaza bay, Merhcak, AIshti, Darling society...

2016 - 2022 Lebanon

Helped manage F&B operations and guest experiences at prestigious and high-traffic places, including Almaza Bay (luxury seaside resort), Darling Society (trendy high-end restaurant/lounge), and Mechak Aal Baher (popular large-scale beachside dining destination), and more.

- Directed daily operations, including menu planning, supplier negotiations, staff training, and quality control, ensuring consistent customer satisfaction and profitability.
- Managed budgets, inventory, and procurement, optimizing costs without compromising quality.
- Developed SOPs for service efficiency, hygiene compliance, and guest experience improvement.

EDUCATION

B.E. in Mechatronics Engineering

University of Balamand

2025 Koura, Lebanon

Lebanese Baccalaureate

Frères Maristes Jbeil/Amchit

2004 - 2019 Jbeil, Lebanon
